CM Series 633 wide range trolley

Simple, rugged, built for trouble-free service and ease of operation across a wide range of beam applications. Series 633 features:

- · Rugged steel side plates formed to include bumpers and trolley guards
- · Frames connected by steel equalizer pin, secured by two nuts on each side
- Universal tread flanged trackwheels equipped with shielded ball bearings
- · Easy rolling on American standard shapes, wide flange shapes or patented rail
- · Hardened wheels and axles for added strength and durability
- · Spacer washers can be shifted inside or outside for easy adjustment to wide range of beams
- To be used with hook suspended hoist
- · Suspension plate for easy attachment is standard
- · Bearings prepacked with lifetime lubricant
- · One-year warranty
- Imported
- Metric Rated
